Tasting notes

Pure white colour with a touch of green, the rim colour display shades of yellow. The nose is rich and insistent - summer flower notes with a hint of green apples in the background and opens up to rose petals and followed with anis, implying a certain sweetness on the palate which is completely offset by a pleasant and impressive acidity, rare in this sparkling category. Bitter-crisp, green and savoury at the same time.

About the wine

Crisecco is made from Fetească Albă, Moldova's native 'white maiden' grape, with a touch of Muscat. Its bubbles come from a second fermentation in sealed stainless-steel tanks (Charmat method), which keeps the floral, fruity aromas fresh. Cricova is famous for its 120 km of underground galleries, a former limestone mine turned into a wine city.
