Tasting notes

This Prosecco has a straw yellow color with scents of golden delicious apple, pear, and acacia blossom. On the palate, it is fresh and light, with balanced acidity and a harmonious, long-lasting aftertaste.

About the wine

The winemaking process involves gentle pressing of the Glera grapes, followed by fermentation at controlled temperatures. The secondary fermentation takes place in pressurized tanks to create the sparkling effect.

Winemaking

MATURATION

Typically aged in stainless steel tanks to preserve its fresh and fruity characteristics. The wine undergoes a secondary fermentation in large tanks (Charmat method) to develop its bubbles.
